

**University of  
Zurich**<sup>UZH</sup>

**UZH International Summer Schools**

**NEW  
ONLINE FORMAT!**

**Finance for the Future**

**Investments, Sustainable Finance and FinTech**

**5 – 24 July 2020**

**Faculty of Business, Economics and Informatics**

## Course Description

In this online summer school, the fundamentals of wealth management and the latest developments in this area – Sustainable Finance and FinTech – will be presented. You will learn the theoretical basics of portfolio management and play a simulation in which you will manage two investment funds in a group. Sustainable Finance is another key topic of this online summer school.

Sustainable Finance has emerged as a key opportunity to deploy large amounts of capital for financial returns and positive social and environmental outcome. The remaining sessions are dedicated to FinTech. FinTech is the new technology and innovation that aims to compete with traditional financial methods in the delivery of financial services.

The impact of the current situation with COVID-19 on the financial markets will also be discussed during several sessions.

Participating in this online summer school will not only allow you to get to learn theoretical aspects about finance, but also to interact with practitioners and experts from academia. A unique opportunity to expand your network!

<b>Hosting Institute</b>	Department of Banking and Finance, UZH
<b>Course Director</b>	Prof. Dr. Marc Chesney
<b>Language</b>	English
<b>Credits</b>	6 ECTS
<b>Target Audience</b>	2nd or 3rd year Bachelor students and Master students

## Main Learnings

- Get to know the past, present and future development of the Swiss financial system and the wealth management in Switzerland.
- Enhance your knowledge in macroeconomics and finance (financial instruments, asset classes, behavioral finance).
- Learn from scientists and people from the practice about the most recent and promising trends in FinTech and Sustainable Finance.
- Test and apply your gained knowledge in a portfolio management game.

## Teaching and Learning Methods

- Podcasts and Livestreams - Watch sessions on our online platform and interact with lecturers during live sessions
- Q&A sessions - Ask your questions and get answers from your UZH teaching team
- Group work - Interact with other students and work together on your projects
- Wrap-up sessions - Get an interactive recap of the program at the end of each week

## Fees

The regular fee for this Summer School is CHF 1,500.

The fee includes:

- Tuition and application fee
- final certificate and transcript
- virtual classroom teaching
- a digital social program that will foster your intercultural competence

## Scholarships

We have generous scholarships available for talented students. Scholarships are offered by the International Relations Office and the Faculty of Economics, Business and Informatics.

State your interest in a scholarship in your motivation letter. Once we have received your application, we will notify you of any potential discounts available to you.

## Application

Strong Bachelor students, who have completed their first year of study, as well as Master students are encouraged to apply. This course is open to students from all subject areas.

To apply, please visit our website and complete the online application form. We will carefully check your documents and let you know within four weeks whether or not we can make you an offer. For further information on the application procedure please visit our website.
